## PROJECT

### E-COMMERCE WEBSITE :

- Designed and developed a responsive e-commerce website using HTML, CSS, and JavaScript. Integrated APIs for product information retrieval, user authentication, and payment processing.
- Ensured a seamless shopping experience with a user-friendly interface and implemented industry best practices for performance optimization and security.

### WEATHER WEB APP :

- I developed a weather web application using HTML, CSS, JavaScript, Bootstrap and API integration.
- This app allows users to check the current weather conditions and forecasts for different locations

### HOSPITAL MANAGMENT SYSTEM:

- In this we can add patientdetails, list patient record, search Patient record, edit patient record.
- The purpose of the project is to build an application which can reduce the manual work of Hospital Management.
